

Project #11 CALIC

See section 7.3 CALIC, pp. 166-172. See also project #10 JPEG-LS. Implement lossless compression using CALIC on the four images (Table 7.2 / p.172). See [74-77]

Hint : Download CALIC codec from

<http://compression.graphicon.ru/download/sources/lossless/codec.zip>

You should change test images of raw format such as Sena, Sensin, Earth, Omaha into pgm format in Matlab by using `imwrite()` command.
